

Referrals and Services

We welcome referrals from families, childcare centres, pre schools, schools and aged care. Referrals are not required to utilize our services.

Appointments will be based on availability. After hours tele-health and Saturday appointments are available.

The cost of initial consultations or assessments includes a full written report and program goals, where appropriate.

Direct therapy services are available by negotiation for clients—this can include site visits.

This practice is registered with the National Disability insurance scheme (www.ndis.gov.au)

Clients can access the **Medicare enhanced primary care program**

Communication is the Key

Our professionals work to improve communication, swallowing, cognitive skills and wellbeing in a number of areas and with a range of age people. They also have a strong role in preventing communication and wellbeing difficulties from occurring.
